- Delhi, India

SKILLS

- JavaScript
- React.js
- Node.js
- Express.js
- MongoDB
- MERN Stack
- REST APIs
- JWT Authentication
- NEXTJS
- TypeScript
- Git
- GitHub
- Postman
- Docker

LANGUAGES

- English (Basic Working Proficiency)
- Hindi (Fluent)

PROFILE

I am Shivam, a 20-year-old aspiring Full Stack Developer from Bihar, currently based in Delhi. with a strong interest in building scalable and user-friendly web application using MERN stack and solving real problems through code. I have also worked on freelance project, gaining hands on experience in developing, and deploying web application.

PROJECTS

1) WhatsApp Clone (MERN + Spcket.io)

- GitHub: <https://github.com/iamshivamishra/Live-chat-app>
- Developed a real-time WhatsApp clone using MERN Stack and Socket.io.
- Implemented instant messaging with WebSocket-based communication.
- Built secure JWT authentication and protected routes.
- Designed responsive chat UI using React and Tailwind CSS.
- Integrated MongoDB for persistent message and user data storage.

2) Authify - Authentication System

- Live: <https://authify-qw7p.vercel.app/>
- GitHub: <https://github.com/iamshivamishra/Authify>
- Developed a secure authentication system using JWT-based login and signup.
- Implemented bcrypt password hashing to enhance user security.
- Created protected routes and authorization middleware for secure access control.
- Built a full-stack web application using MongoDB, Express.js, React.js, and Node.js (MERN Stack).

3) Zomato MERN Clone

- GitHub:<https://github.com/iamshivamishra/zomato--clone>
- Built a full-stack food delivery application using the MERN stack.
- Implemented JWT-based authentication and role-based access control.
- Developed RESTful APIs for user management, orders, and food items.

EDUCATION

Bachelor of Arts (Mathematics Programme) 2024-2027
University of Delhi (SSNC)
2024-2027
